All things are good 👍

Overall learning experience in the college is excellent.

Inter-college competitions should be conducted more often concerning various curricular or extracurricular activities. This will eventually lead to a strong reputation for our college among various other institutes.

Should get own way of teaching...will provide effective information

About learning and teaching is good but other staff like glass house women staff i suggest that to improve to be more polite and whenever we asked about some information i hope they can patiently answer our question i hope they can change their attitude it would be so good

I think all teaching and learning process in the college is good. 👍

mo

I think there should be one batch for the students who didn't covered in the lectures everyone should get a chance... Due to corona Some students- Out of pune students didn't attend the lectures from the first day.. so there should be one batch which can be "SuperFast Batch" in that batch all the topics should cover as fast as possible!!! I give the guarantee ,in the class 70% of students need That batch... and 70% is enough majority for this advice. And I think that Batch should be "ONLINE" So that Teacher will not get burden of offline class.. And Students will also Attend Because all are getting serious because of the offline Exams. And students out of pune will also attend and can understand and Inshallah all will score Good. Overall All the teachers are best and they explain and teach very well.. Specially Sameena Mam. the best teacher i have ever seen... Sameena mam explain the concept in a very convenient manner..

and that concept directly hits in the mind.. And If My Suggestion is Acceptable, Please Start that Batch As Soon As Possible..

Well done organised

Good education, interesting activities are held in college which makes students to interact with each other and students. There is a good experience of mine even though I am a new student to this college I've learned a lot thing from many teachers like shilpa ma'am , history lecture is very much interesting, psychology lecture is also much good and shaukat sir and Anjali Ma'am teachings are excellent.

Everything is good

Placement cell

Special subject Teachers must be helpful to understand the topic of assignment to students as there as in-service students who attend college irregularly. They must be co-operative to us with affection and not by rude behavior
