6. Any other matter with the permission of the Chair.

The Principal informed the Committee that the College was thinking about merging the two years of the P.G programs in arts and Commerce and run only one year at a time from the next Academic Year. That is if a student took admission in A.Y 24-25 in P.G Ist year then in A.Y 25-26 all students procuring admission will study the syllabus of 2nd year first and the first year after wards. This system was previously executed by the SPPU too. She further said that we are thinking of incorporating this system from the next Academic year i.e. 25-26 as the student strength in the PG section is less. In this way we will be able to reduce the number of staff and make these programs more financially viable. This proposal was agreed to. Dr. Khedkar further pointed out that under NEP; anyway the P.G program was only of one year.

As there was no other matter to discuss the meeting ended with a vote of thanks to the chair
