Your teaching made accounting easiest for me . In my opinion there's a lack of personal attention , suggestions , feedback and guidance may be because of online mode of teaching . Your detail explanation is really excellent.

## **STUDENTS' FEEDBACK**

The Students' Feedback on curriculum and teaching learning process at Abedalnamdar Senior College is designed to get formative feedback from students that can be used towards the improvements in the quality of course design and delivery, as well as student learning experiences. For the academic year 2020-2021, students' feedback is sought from around 93 students about the curriculum and teaching learning process. Majority of the student population agreed that the syllabus is very much challenging and the allocation of credits is appropriate in relation to the level of course work. Majority of the students strongly agreed that the syllabus is covered by the teachers on time. Around 85% of the students agreed that the content provided in the syllabus is well sequenced and equipped them with necessary technical skills required for their professional areas. It is observed that 84% of the respondents agreed that the courses are in tune with their respective field of specialization.

The analysis of the students' feedback clearly depicts that they are well satisfied with the curriculum development and revision. The students highly appreciated the academic related infrastructural facilities such as library, laboratories, playground and other facilities.
