PG Diploma in Web Designing

# M. C. E. Society's Abeda Inamdar Senior College Of Arts, Science and Commerce, Camp, Pune-1 (Autonomous) Affiliated to Savitribai Phule Pune University NAAC accredited 'A' Grade

# PG Diploma in Web Design

## 2021-22 (CBCS – Autonomy 21 Pattern)

| Course/ Paper Title | Fundamental of Graphic and Web |
|---------------------|--------------------------------|
| Course Code         | 21AUPDWD101                    |
| Semester            | 1                              |
| No. of Credits      | 4                              |

## Aims & Objectives of the Course

| Sr. No. | Objectives   |
|---------|--|
| 1.      | To introduce the foundation of Graphic Designing             |
| 2.      | To understand the importance of Graphics in Web Designing    |
| 3.      | To understand career paths of Graphic Designing              |
| 4.      | To develop basic concepts & terminology of Graphic Designing |

| Sr.<br>No. | Learning Outcome   |
|------------|--|
| 1.         | Understand the need for good graphics in web development |
| 2.         | Understand Design Principles                             |
| 3.         | Implement Design Principals in their work                |
| 4.         | Understand and Use Typography Creatively                 |

5.

# Understand and Use Colors Creatively

# Syllabus:

| Unit No. | Title with Contents   | No. of<br>Lectures                   |
|----------|---|--------------------------------------|
| Unit I   | Introduction to Graphic Designing   | 6                                    |
|          | 1. What is Graphic Designing?   | 1                                    |
|          | 2. Use of Graphics in various Industry  | 1                                    |
|          | 3. Tools for Graphic Designing  | 1                                    |
|          | 4. Latest Trends of Graphic Designing   | 1                                    |
|          | 5. Summary  | 1                                    |
|          | 6. Questions & Answers  | 1                                    |
| Unit II  | Technical Terms in Computer Graphics  | 6                                    |
|          | <ol> <li>Raster Vs Vector</li> <li>What is Pixels</li> <li>Resolution</li> <li>Color Depth</li> <li>CMYK Vs RGB Color Mode</li> <li>Summary</li> <li>Questions &amp; Answers</li> </ol> | 1<br>1<br>1<br>1<br>1<br>1<br>1<br>1 |
| Unit III | Drawing Basics  | 6                                    |
|          | 1. Primitive Shapes   | 1                                    |
|          | 2. Lines & Curve  |                                      |
|          | 3. Perspective  |                                      |
|          | 4. Shading  | 1                                    |
|          | 5. Types of Pencils used for Shading  |                                      |
|          | 6. Patterns   |                                      |

|         | 7. Textures                             | 1 |
|---------|---|---|
|         | 8. Proportions                          |   |
|         |   |   |
|         | 9. Still Life Drawing                   | 1 |
|         | 10. Human Anatomy                       |   |
|         | 11. Character Drawing                   | 1 |
|         | 12. Summary                             |   |
|         | 13. Questions & Answers                 | 1 |
|         |   |   |
| Unit IV | Color Theory – Part 1                   | 6 |
|         | 1. Color Balance & Chromatic Colors     |   |
|         | 2. Color Scheme                         | 1 |
|         | 3. Monochromatic Color Scheme           |   |
|         |   |   |
|         | 4. Complementary Color Scheme           |   |
|         | 5. Split Complementary Color Scheme     | 1 |
|         |   |   |
|         | 6. Triadic Color Scheme                 |   |
|         | 7. Tetradic Color Scheme                | 1 |
|         |   |   |
|         | 8. Traditional Color Theory             | 1 |
|         | 9. Warm and Cool Colors                 | 1 |
|         | 10. Tint & Shades                       |   |
|         | 11. Humans Emotional Response to Colors | 1 |
|         | 11. Humans Emotional Response to Colors |   |
|         | 12. Color System in Computer Graphics   |   |
|         | 13. Summary                             | 1 |
|         | 14. Questions & Answers                 |   |
| Unit V  | Color Theory – Part 2                   | 3 |

|         | 1. Color System In Computer Graphics  |   |
|---------|---|---|
|         | 2. Color System   |   |
|         | 3. Chroma   | 1 |
|         | 4. Saturation   |   |
|         | 5. Intensity  |   |
|         | 6. Luminance / Value  |   |
|         | 7. Shade & Tint   |   |
|         | 8. Primary Colors   |   |
|         | 9. Perceptually Based Models  |   |
|         | 10. Device-Based Models   | 1 |
|         |   |   |
|         | 11. Subtractive Colors  |   |
|         | 12. Additive Colors   |   |
|         | 13. RGB vs CMYK   |   |
|         | 14. Color Contrast  | 1 |
|         | 15. Summary   |   |
|         | 16. Questions & Answers   |   |
| Unit VI | Principles of Design  | 3 |
|         | 1. Design Principles  | 1 |
|         |   |   |
| 1       | 2. Emphasis   |   |
|         | <ol> <li>Emphasis</li> <li>Balance &amp; Alignment</li> </ol>   |   |
|         |   |   |
|         |   | 1 |
|         | 3. Balance & Alignment  | 1 |
|         | <ul><li>3. Balance &amp; Alignment</li><li>4. Contrast</li></ul>  | 1 |
|         | <ol> <li>Balance &amp; Alignment</li> <li>Contrast</li> <li>Repetition</li> </ol>                                       |   |
|         | <ol> <li>Balance &amp; Alignment</li> <li>Contrast</li> <li>Repetition</li> </ol>                                       | 1 |
|         | <ol> <li>Balance &amp; Alignment</li> <li>Contrast</li> <li>Repetition</li> <li>Proportion</li> </ol>                   |   |
|         | <ol> <li>Balance &amp; Alignment</li> <li>Contrast</li> <li>Repetition</li> <li>Proportion</li> <li>Movement</li> </ol> |   |

| Unit VII  | Creating Raster Graphics Using Adobe<br>Photoshop                             | 8 |
|-----------|---|---|
|           | 1. Introduction to Adobe Photoshop  | 2 |
|           | 2. Understanding & Managing Workspace   |   |
|           | 3. Creating & Saving New Document   |   |
|           | 4. Layer Palette  | 2 |
|           | 5. Using Grids & Guides   |   |
|           | 6. Tool Palette   |   |
|           | 7. Color swatches   | 2 |
|           | 8. Masking  |   |
|           | 9. Applying Filters & Effects   | 2 |
|           | 10. Exporting Graphics for Web  |   |
| Unit VIII | Creating Vector Graphics Using Adobe<br>Illustrator                           | 7 |
|           | 1. Introduction to Adobe Illustrator  | 1 |
|           | 2. Understanding & Managing Workspace   | - |
|           | <ol> <li>Creating New &amp; Saving New Document</li> <li>Artboards</li> </ol> | 2 |
|           | 5. Layer Palette  |   |
|           | 6. Using Grids & Guides   | 2 |
|           | 7. Tool Palette   |   |
|           | 8. Color Swatches   |   |
|           |   | 2 |
|           | 9. Masking  |   |
|           | 10. Applying Filters & Effects  |   |
|           | 11. Exporting Graphics for Web  |   |

| Unit IX | Introduction to the Web Development              | 3 |
|---------|--|---|
|         | 1. Introduction of Web Development               | 1 |
|         | 2. What is a Website?                            |   |
|         | 3. Types of Websites                             |   |
|         | 4. Tool & Technologies for developing a website. |   |
|         | 5. Career Paths of Web Development               |   |
|         | 6. Role of a website in a successful business    |   |
|         | 7. Web Terminologies                             | 1 |
|         | 8. Internet & World Wide Web (WWW)               |   |
|         | 9. Server & Client                               |   |
|         | 10. Hosting                                      |   |
|         | 11. Protocols (TCP/IP, HTTP, FTP, SMTP)          |   |
|         | 12. Blogs & Posts                                |   |
|         | 13. Web Page, Website & landing Page             |   |
|         | 14. Root Directory                               | 1 |
|         | 15. URL  |   |
|         | 16. Relative & Absolute paths                    |   |
|         | 17. Domain Name                                  |   |
|         | 18. DNS  |   |
|         | 19. Static Vs Dynamic Websites                   |   |
|         | 20. Responsive Web Design Approach               |   |
| Unit X  | Web Production Pipeline                          | 3 |
|         | 1. Pre-Production                                | 1 |
|         | 2. Collecting Information                        |   |
|         | 3. Identifying Goals                             |   |
|         | 4. Defining Scope                                |   |
|         | 5. Defining Target Audience                      |   |
|         |  |   |

|          | 6. Content Creation & SEO                          | 1 |
|----------|--|---|
|          | 7. Production                                      |   |
|          | 8. Creating Sitemap & Low fidelity Wireframes.     |   |
|          | 9. Creating High fidelity Wireframes & Designing U | [ |
|          | 10. Development of Web Pages                       |   |
|          |  |   |
|          | 11. Applying Style Sheet                           | 1 |
|          | 12. Applying Interactive Effects                   |   |
|          | 13. Post-Production                                |   |
|          | 14. Testing  |   |
|          | 15. Hosting  |   |
| Unit XI  | Typography & Color Theory for Web                  | 3 |
|          | 1. Why Type Matters                                | 1 |
|          | 2. Fonts & Types                                   |   |
|          | 3. Web Safe Fonts                                  |   |
|          | 4. Formatting Text using CSS                       |   |
|          | 5. Using Google Fonts                              |   |
|          | 6. Using Font-Awesome Icons                        | 1 |
|          | 7. Color Theory                                    | Ĩ |
|          | 8. Web Safe Colors                                 |   |
|          | 9. Contrast  |   |
|          | 10. Complementation                                |   |
|          | 11. Vibrancy                                       |   |
|          | 12. Emotional Implications of Color                | 1 |
|          | 13. Color Scheme                                   |   |
|          | 14. Color Assistance Tools For Web                 |   |
| Unit XII | Preparing Graphics & Images for Web                | 3 |

|           | 1. Vector Graphics  | 1 |
|-----------|---|---|
|           | 2. Raster Graphics  |   |
|           | 3. Color Depth (Bit Depth)  |   |
|           |   |   |
|           | 4. Resolution   | 1 |
|           | 5. SVG Graphics   |   |
|           |   |   |
|           | 6. Web Supported Image Formats  | 1 |
|           | 7. Optimizing Images for Web  |   |
|           |   |   |
| Unit XIII | Hosting Your Website  | 3 |
| Unit XIII | Hosting Your Website1. What is Hosting  | 3 |
| Unit XIII |   | 3 |

NAAC accredited 'A' Grade

# PG Diploma in Web Design

# 2021-22 (CBCS – Autonomy 21 Pattern)

| Course/ Paper Title | HTML And CSS |
|---------------------|--------------|
| Course Code         | 21AUPDWD102  |
| Semester            | 1            |
| No. of Credits      | 4            |

# Aims & Objectives of the Course

| Sr. | Objectives  |
|-----|---|
| No. |   |
| 1.  | To introduce the foundation of Web Designing.                               |
| 2.  | To understand the importance of HTML & CSS in the field<br>of Web Designing |
| 3.  | To understand career paths of Web Designing                                 |
| 4.  | To develop the basic concepts and terminology of Internet<br>& Web          |

| Sr. | Learning Outcome                            |
|-----|---|
| No. |   |
| 1.  | Explore various approaches of Web Designing |
| 2.  | Create & develop web pages using HTML & CSS |
| 3.  | Learn various elements of HTML Document     |

# Syllabus:

| Unit No. | Title with Contents   | No. of<br>Lectures |
|----------|---|--------------------|
| Unit I   | Introduction to HTML  | 6                  |
|          | 1. What is HTML?  | 1                  |
|          | 2. History of HTML  |                    |
|          | 3. Why Learn HTML   |                    |
|          | 4. HTML Tags  | 1                  |
|          | 5. HTML Elements  | 1                  |
|          | 6. HTML Attributes  | 1                  |
|          | 7. Basic HTML Document Structure  | 1                  |
|          | 8. Creating your first Web Page   |                    |
|          | <ol> <li>Understanding of Head &amp; Body Element of<br/>HTML Document</li> </ol> | 1                  |
| Unit II  | Inserting & formatting Text in HTML Document                                      | 6                  |
|          | 1. HTML Headings  | 1                  |
|          | 2. Paragraph Element  |                    |
|          | 3. Block Level vs Inline Elements   | 1                  |
|          | 4. Break Row Element  |                    |
|          | 5. Horizontal Line Element  |                    |
|          | 6. Bold Text  | 1                  |
|          | 7. Italic Text  |                    |
|          | 8. Underline Text   |                    |

|           | 9. Strike Text  |               |
|-----------|---|---------------|
|           | 9. Surke Text   |               |
|           |   | 1             |
|           | 10. Monospace Font  |               |
|           | 11. Subscript & Superscript Text                                |               |
|           |   | 1             |
|           | 12. Inserted & Deleted Text                                     |               |
|           | 13. Larger & Smaller Text                                       |               |
|           |   | 1             |
|           | 14. Grouping Content with Span & Div Element                    |               |
|           | 15. Semantic Formatting Elements (Phrase Tags)                  |               |
| TT *4 TFT |   | (             |
| Unit III  | Inserting Metadata in HTML Document         1. What is Metadata | <b>6</b><br>1 |
|           |   | 1             |
|           | 2. Where to insert metadata                                     |               |
|           |   |               |
|           | 3. Meta Name  | 1             |
|           | 4. Meta Description   |               |
|           |   |               |
|           | 5. Meta Revision Date   | 1             |
|           |   |               |
|           | 6. Document Refreshing with Meta Tag                            | 1             |
|           | 7. Page Redirection with Meta Tag                               |               |
|           |   |               |
|           | 8. Meta Author  | 1             |
|           | 9. Setting Cookies with Meta Tag                                |               |
|           |   |               |
|           | 10. Defining Character Set                                      | 1             |
|           | 11. HTML Comments   |               |
| Unit IV   | Inserting Images In HTML Document                               | 6             |
|           | 1. Web Supported Image Formats                                  | 1             |
|           |   | 1             |
|           | 2. Image Optimization   |               |
|           |   |               |

|        | 3. Creative Use of Graphics In Web Page   | 1           |
|--------|---|-------------|
|        | <ol> <li>How to Insert Images with Image Element</li> </ol>   | -           |
|        | 4. How to insert images with image Element  |             |
|        |   | 1           |
|        | 5. Image Source Attributes  | 1           |
|        | 6. Alternative Text Attribute   |             |
|        |   |             |
|        | 7. Image Description  | 1           |
|        | 8. Defining Width & Height  |             |
|        |   |             |
|        | 9. Image Border   | 1           |
|        | 10. Image Alignment   |             |
|        |   |             |
|        | 11. Finding Royalty-Free Images and Graphic for   | 1           |
|        | Web   | 1           |
|        |   |             |
| Unit V | Inserting Tables In HTML Document   | 6           |
|        | 1 Introduction to IITMI Tables  | 1           |
|        | 1. Introduction to HTML Tables  | 1           |
|        | <ol> <li>Introduction to HTML Tables</li> <li>Inserting Table</li> </ol>  | 1           |

|           | 12. How to Create Nested Tables       |   |
|-----------|---------------------------------------|---|
| Unit VI   | Inserting HTML Lists                  | 6 |
|           | 1. Introduction to HTML lists         | 1 |
|           | 2. Inserting Unordered List           | 1 |
|           | 3. Type Attribute for Unordered list  | 1 |
|           | 4. Inserting Order List               | 1 |
|           | 5. Type Attribute for Ordered list    | 1 |
|           | 6. Inserting Definition List          | 1 |
| Unit VII  | Inserting Hyperlinks in HTML Document | 6 |
|           | 1. Introduction to Hyperlinks         | 1 |
|           | 2. Absolute vs Relative Paths         |   |
|           | 3. What is the URL?                   | 1 |
|           | 4. Anchor Tag                         |   |
|           | 5. Hyper Reference Attribute          | 1 |
|           | 6. Target Attribute                   |   |
|           | 7. Use of Base Path in HTML           | 1 |
|           | 8. Internal Links                     |   |
|           | 9. External Links                     | 1 |
|           | 10. Linking to a Page Section         |   |
|           | 11. Download Links                    | 1 |
|           | 12. Mail To & Tel Links               |   |
|           | 13. WhatsApp Link                     |   |
| Unit VIII | Creating HTML Forms                   | 6 |
|           | 1. Introduction to HTML Forms         | 2 |
|           | 2. Form Element Attributes            |   |

|         | 3. Form Controls                            | 2  |
|---------|---|----|
|         | 4. Text Input Controls                      |    |
|         | 5. Hidden Form Controls                     | 2  |
|         | 6. Attributes for Form Controls             |    |
| Unit IX | Cascading Style Sheet (CSS)                 | 12 |
|         | 1. Introduction to CSS                      | 2  |
|         | 2. Inline CSS                               |    |
|         | 3. Internal CSS                             |    |
|         | 4. External CSS                             |    |
|         |   |    |
|         | 5. Linking CSS to HTML Document             | 2  |
|         | 6. CSS Syntax                               |    |
|         | 7. CSS Selectors                            |    |
|         | 8. CSS Comments                             |    |
|         | 9. Formatting Text with CSS                 |    |
|         |   |    |
|         | 10. CSS Background                          | 2  |
|         | 11. CSS Box Model: Margin, Padding & Border |    |
|         | 12. CSS Width & Height Properties           |    |
|         | 13. CSS Display Property                    |    |
|         |   |    |
|         | 14. CSS Position                            | 2  |
|         | 15. CSS Floats                              |    |
|         | 16. CSS Align                               |    |
|         |   |    |
|         | 17. Pseudo-Class                            | 2  |
|         | 18. CSS Miscellaneous Properties            |    |
|         |   |    |
|         | 19. CSS Flexbox                             | 2  |

| 20. CSS Grid        |  |
|---------------------|--|
| 21. CSS Media Query |  |

# PG Diploma in Web Design

#### 2021-22 (CBCS – Autonomy 21 Pattern)

| Course/ Paper Title | Fundamentals of Javascript |
|---------------------|----------------------------|
| Course Code         | 21AUPDWD103                |
| Semester            | 1                          |
| No. of Credits      | 4                          |

#### Aims & Objectives of the Course

| Sr.<br>No. | Objectives  |
|------------|---|
| 1.         | To introduce the foundation of the use of JavaScript<br>Programming.        |
| 2.         | To understand the importance of JavaScript in the field of<br>Web Designing |
| 3.         | To understand career paths of JavaScript Programming                        |
| 4.         | To develop the basic concepts and terminology of<br>Programming             |

| Sr.<br>No. | Learning Outcome                              |
|------------|---|
| 1.         | Use JavaScript for creating dynamic web pages |
| 2.         | Create various effects using JavaScript       |
| 3.         | Understand fundamentals of Programming        |

# Syllabus:

| Unit No. | Title with Contents                                       | No. of<br>Lectures |
|----------|---|--------------------|
| Unit I   | JavaScript Fundamentals                                   | 6                  |
|          | 1. What is JavaScript?                                    | 2                  |
|          | 2. Client-Side JavaScript                                 |                    |
|          | 3. Advantages of JavaScript                               | 2                  |
|          | 4. Limitations of JavaScript                              |                    |
|          | 5. JavaScript Development Tools                           | 2                  |
|          | 6. Where is JavaScript Today?                             |                    |
| Unit II  | JAVASCRIPT – Syntax & Placement                           | 6                  |
|          | 1. Your First JavaScript Code                             | 2                  |
|          | 2. Whitespace and Line Breaks                             |                    |
|          | 3. Semicolons are Optional                                |                    |
|          | 4. Case Sensitivity                                       | 2                  |
|          | 5. Comments in JavaScript                                 |                    |
|          | 6. JavaScript in <head></head> Section                    |                    |
|          | 7. JavaScript in <body></body> Section                    | 2                  |
|          | 8. JavaScript in <body> and <head> Sections</head></body> |                    |
|          | 9. JavaScript in External File                            |                    |
| Unit III | JAVASCRIPT – Variables                                    | 6                  |
|          | 1. JavaScript Data Types                                  |                    |
|          | 2. JavaScript Variables                                   | 3                  |
|          | 3. JavaScript Variable Scope                              |                    |
|          | 4. JavaScript Variable Names                              | 3                  |

|         | 5. JavaScript Reserved Words                                  |   |
|---------|---|---|
| Unit IV | JAVASCRIPT – Operators  | 6 |
|         | 1. What is an Operator?                                       | 2 |
|         | 2. Arithmetic Operators                                       |   |
|         |   |   |
|         | 3. Comparison Operators                                       | 2 |
|         | 4. Logical Operators  |   |
|         |   |   |
|         | 5. Bitwise Operators  | 2 |
|         | 6. Assignment Operators                                       |   |
|         | 7. Miscellaneous Operators                                    |   |
| Unit V  | Control Statement in JavaScript                               | 6 |
|         | 1. if Statement   |   |
|         | 2. ifelse Statement   | 2 |
|         | 3. ifelse if Statement  |   |
|         | 4. Switch-Case  | 2 |
|         | 5. The while Loop   |   |
|         | 6. The dowhile Loop   |   |
|         | 7. The for Loop   | 2 |
|         | <ol> <li>The for Loop</li> <li>For-in Loop</li> </ol>         |   |
|         | <ol> <li>9. JAVASCRIPT – Loop Control: break &amp;</li> </ol> |   |
|         | continue Statement  |   |
|         | continue Statement  |   |
| Unit VI | JAVASCRIPT – Functions  | 6 |
|         | 1. Function Definition  | 3 |
|         | 2. Calling a Function   |   |
|         | 3. Function Parameters  |   |
|         | 4. The Return Statement                                       |   |
|         |   |   |

|           | 5. Nested Functions                           | 3 |
|-----------|---|---|
|           | 6. Function () Constructor                    |   |
|           | <ol> <li>Function Literals</li> </ol>         |   |
|           |   |   |
| Unit VII  | JAVASCRIPT – Events                           | 6 |
|           | 1. What is an Event?                          | 3 |
|           | 2. Onclick Event Type                         |   |
|           | 3. Onsubmit Event Type                        |   |
|           | 4. Onmouseover and onmouseout                 |   |
|           | <ol> <li>5. HTML 5 Standard Events</li> </ol> | 3 |
|           | 5. HTML 5 Standard Events                     |   |
| Unit VIII | JAVASCRIPT – Cookies                          | 6 |
|           | 1. What are Cookies?                          | 3 |
|           | 2. How does It work?                          |   |
|           | 3. Storing Cookies                            |   |
|           |   |   |
|           | 4. Reading Cookies                            | 3 |
|           | 5. Setting Cookies Expiry Date                |   |
|           | 6. Deleting a Cookie                          |   |
| Unit IX   | JAVASCRIPT – Dialog Box                       | 6 |
|           | 1. Alert Dialog Box                           | 3 |
|           | 2. Confirmation Dialog Box                    |   |
|           | 3. Prompt Dialog Box                          | 3 |
| Unit X    | JAVASCRIPT – Objects                          | 6 |
|           | 1. Object Properties                          | 3 |
|           | 2. Object Methods                             |   |
|           | 3. User-Defined Objects                       |   |
|           | 4. Defining Methods for an Object             |   |
|           | 5. The 'with' Keyword                         |   |
|           |   |   |

| 6. JAVASCRIPT – Number  | 1 |
|-------------------------|---|
| 7. JAVASCRIPT – Boolean |   |
|                         |   |
| 8. JAVASCRIPT – String  | 1 |
| 9. JAVASCRIPT – Arrays  |   |
|                         |   |
| 10. JAVASCRIPT – Date   | 1 |
| 11. JAVASCRIPT – Math   |   |

NAAC accredited 'A' Grade

# PG Diploma in Web Design

#### 2021-22 (CBCS – Autonomy 21 Pattern)

| Course/ Paper Title | Practical Course on Fundamentals of graphic and |  |
|---------------------|---|--|
|                     | Web   |  |
| Course Code         | 21AUPDWD104                                     |  |
| Semester            | 1   |  |
| No. of Credits      | 4   |  |

# Aims & Objectives of the Course

| Sr. | Objectives  |
|-----|---|
| No. |   |
| 1.  | To introduce the foundation of Graphic designing. |
| 2.  | To understand the design requirement for web      |
| 3.  | To develop the creative and innovative thinking   |
| 4.  | To acquire required silks for web designing       |

# **Expected Course Specific Learning Outcomes**

| Sr. | Learning Outcome                               |
|-----|--|
| No. |  |
| 1.  | Create existing & innovative graphics for web  |
| 2.  | Learn latest designing trends of web designing |
| 3.  | Design various elements for web                |
| 4.  | Create a Plan for a website                    |

**Guidelines:** 

| Sr. | Objectives  |
|-----|---|
| No. |   |
| 1.  | Lab Book:<br>The lab book is to be used as a hands-on resource, reference and<br>record of assignment submission and completion by the student.<br>The lab book contains the set of assignments which the student must<br>complete as a part of this course.  |
| 2.  | <b>Submission:</b><br>The assignments are to be submitted by the student in the form of a PDF Format. Each assignment includes the Assignment Title, Date of submission, Name of Students, Instructors sign.  |
| 4.  | Assessment:<br>Continuous assessment of laboratory work is to be done based on<br>overall performance and lab assignments performance of students.<br>Each lab assignment assessment will be assigned grade/marks based<br>on parameters with appropriate weightage. Suggested parameters<br>for overall assessment as well as each lab assignment assessment<br>include- timely completion, performance, creativity. |
| 5.  | Operating Environment:<br>For Designing Graphics for Web<br>Operating system: Windows 10<br>Software: Adobe Photoshop, Adobe Illustrator, (Optional: Adobe<br>XD, Figma)<br>Other Tools: A4 Size Paper, pencil  |

# Syllabus:

| Unit | Title with Contents   | No. of   |
|------|---|----------|
| No.  |   | Lectures |
|      | Suggested List of Assignments:  | 90       |
|      | <ol> <li>Design a low fidelity wireframe on a A4 Size<br/>paper for a traveling agency website (Number of<br/>Pages: min 4 max:6)</li> <li>Design two template variations using Adobe<br/>Photoshop or Adobe Illustrator.</li> <li>Design a Logo for the Traveling Agency using<br/>Adobe Illustrator.</li> </ol> | 30       |
|      | <ul> <li>Design various Icons using Adobe Photoshop.</li> <li>Design three banners for the Home Page of the website.</li> <li>3. Design a wireframe &amp; complete template for a corporate website.</li> <li>Design a Logo &amp; Icons for the Traveling Agency using Adobe Illustrator.</li> </ul>              | 30       |

| 1.  | To introduce with responsive web designing                       |  |
| 2.  | To build the required skill set for creating responsive websites |  |
| 3.  | Understand fundamentals of Bootstrap                             |  |
| 4.  | Understand the latest web designing trends                       |  |

| Sr. | Learning Outcome                                |
|-----|---|
| No. |   |
| 1.  | Understand the need for a responsive website.   |
| 2.  | Understand various device resolutions           |
| 3.  | Use bootstrap for creating responsive web pages |

# Syllabus

| Unit No.  | Title with Contents                    | No. of   |
|-----------|--|----------|
|           |  | Lectures |
| Unit I.   | Introduction to Bootstrap              | 7 Hours  |
|           | 1. What is a responsive website?       | 1        |
|           | 2. Traditional methods                 | 1        |
|           | 3. What is bootstrap?                  | 1        |
|           | 4. Why use bootstrap?                  | 2        |
|           | 5. Bootstrap Template                  | 2        |
|           | 6. Downloading & Installing Bootstrap  |          |
|           | 7. Bootstrap CDN                       |          |
| Unit II.  | Getting Started with Bootstrap         | 7 Hours  |
|           | 1. Bootstrap Containers                | 1        |
|           | 2. Fixed width container               | 1        |
|           | 3. Full-width container                | 1        |
|           | 4. Container Padding                   | 2        |
|           | 5. Container Border & Color            | 2        |
|           | 6. Responsive Containers               |          |
| Unit III. | Bootstrap Grid System                  | 8 Hours  |
|           | 1. What is Bootstrap Grid System       | 3        |
|           | 2. Grid Classes                        |          |
|           | 3. Basic Structure of Bootstrap Grid   | 3        |
|           | 4. Creating Three Equal Columns        |          |
|           | 5. Creating Responsive Columns         | 3        |
|           | 6. Creating Unequal Responsive Columns |          |
| Unit IV.  | Working with Text in Bootstrap         | 6 Hours  |
|           | 1. Bootstrap default settings for text | 1        |
|           | 2. Headings                            | 1        |
|           | 3. Small Element                       | 1        |
|           | 4. Mark Element                        |          |

|         | 5. Abbr Element                | 2       |
|---------|--------------------------------|---------|
|         | 6. Blockquote Element          |         |
|         | 7. Definition List Element     | 2       |
|         | 8. Code Element                |         |
|         | 9. Keyboard Element            |         |
|         | 10. Preformatted Text Element  |         |
|         | 11. Various Typography Classes |         |
| Unit V. | Bootstrap Colors               | 7 Hours |
|         | 1. What are Text Colors?       | 1       |
|         | 2text-muted Class              |         |
|         | 3text-primary Class            | 1       |
|         | 4text-success Class            |         |
|         | 5text-info Class               | 1       |
|         | 6text-warning Class            |         |
|         | 7text-danger Class             | 1       |
|         | 8text-secondary Class          |         |
|         | 9text-white Class              | 1       |
|         | 10text-dark Class              |         |
|         | 11text-body Class              | 1       |
|         | 12text-light Class             |         |
|         | 13. What is Background Colors  |         |
|         | 14bg-primary Class             | 1       |
|         | 15bg-success Class             |         |
|         | 16bg-info Class                |         |
|         | 17bg-warning Class             |         |
|         | 18bg-danger Class              |         |
|         | 19bg-secondary Class           |         |
|         | 20bg-dark Class                |         |
|         | 21bg-light Class               |         |
|         |                                |         |
|         |                                |         |

| Unit VI.   | Bootstrap Tables           | 7 Hours |
|------------|----------------------------|---------|
|            | 1. Table Class             | 1       |
|            | 2. Striped Rows            |         |
|            | 3. Bordered Table          | 1       |
|            | 4. Hover Rows              |         |
|            | 5. Black/Dark Table        | 1       |
|            | 6. Dark Striped Table      |         |
|            | 7. Hoverable Dark Table    | 2       |
|            | 8. Borderless Table        |         |
|            | 9. Contextual Classes      | 2       |
|            | 10. Table Head Colors      |         |
|            | 11. Small table            |         |
|            | 12. Responsive Tables      |         |
|            |                            |         |
| Unit VII.  | Bootstrap Images           | 7 Hours |
|            | 1. Image Shapes            | 1       |
|            | 2. Rounded Corners         | 2       |
|            | 3. Circle                  | 2       |
|            | 4. Thumbnail               | 2       |
|            | 5. Aligning Images         |         |
|            | 6. Centered Image          |         |
|            | 7. Responsive Images       |         |
| Unit VIII. | Bootstrap Components       | 9 Hours |
|            | 1. Jumbotron               | 1       |
|            | 2. Alerts                  |         |
|            | 3. Buttons & Button Groups | 1       |
|            | 4. Badges                  |         |
|            | 5. Progress Bar            | 1       |
|            | 6. Spinners                |         |
|            | 7. Pagination              | 2       |

| 8. List Groups                  |   |
|---------------------------------|---|
| 9. Cards                        |   |
| 10. Dropdowns & Collapse        | 2 |
| 11. Navs & Navbar               |   |
| 12. Forms, Input & Input Groups |   |
| 13. Carousel                    |   |
| 14. Modal                       | 2 |
| 15. Tooltip                     |   |
| 16. Popover                     |   |
| 17. Toast                       |   |
| 18. Scrollspy (Advanced)        |   |
| 19. Utilities                   |   |
| 20. Flex                        |   |
| 21. Icons                       |   |
| 22. Media Objects               |   |
| 23. Filters                     |   |
|                                 |   |

### PG Diploma in Web Design

### 2021-22 (CBCS – Autonomy 21 Pattern)

| Course/ Paper Title | Developing Content Management System (CMS) with<br>WordPress |
|---------------------|--|
| Course Code         | 21AUPDWD202  |
| Semester            | 2  |
| No. of Credits      | 4  |

#### Aims & Objectives of the Course

| Sr. | Objectives   |
|-----|--|
| No. |  |
| 1.  | To develop a basic understanding of CSM System     |
| 2.  | To build required skills for developing CMS System |

### **Expected Course Specific Learning Outcomes**

| Sr. | Learning Outcome   |
|-----|--|
| No. |  |
| 1.  | Understand the complete pipeline of CSM Development                |
| 2.  | Create CSM Website   |
| 3.  | Understand the difference between a static website and CSM website |
| 4.  | Installing WordPress   |
| 5.  | Creating Post & Pages  |

# Syllabus

### PG Diploma in Web Design

### 2021-22 (CBCS – Autonomy 21 Pattern)

| Course/ Paper Title | xe/ Paper TitlePractical course on Creating Responsive Web Pages |  |
|---------------------|--|--|
|                     | with Bootstrap   |  |
| Course Code         | 21AUPDWD204  |  |
| Semester            | 2  |  |
| No. of Credits      | 4  |  |

### Aims & Objectives of the Course

| Sr. | Objectives   |
|-----|--|
| No. |  |
| 1.  | To introduce Responsive Web Designing.                 |
| 2.  | To understand the design requirement for web           |
| 3.  | To develop the creative and innovative thinking        |
| 4.  | To acquire required silks for Responsive web designing |

### **Expected Course Specific Learning Outcomes**

| Sr. | Learning Outcome   |
|-----|--|
| No. |  |
| 1.  | Understand fundamentals of responsive web designing      |
| 2.  | Create responsive website                                |
| 3.  | Use Bootstrap  |
| 4.  | Use Bootstrap Classes                                    |
| 5   | Understand the complete production pipeline of bootstrap |

### **Guidelines:**

| Sr. | Objectives   |
|-----|--|
| No. |  |
| 1.  | Lab Book:<br>The lab book is to be used as a hands-on resource, reference and<br>record of assignment submission and completion by the student.<br>The lab book contains the set of assignments which the student must<br>complete as a part of this course.   |
| 2.  | Submission:<br>Wireframe Assignments:  |
|     | All the wireframe designs need to be scanned & submitted in .jpg<br>format by students. All the assignments should be in a single folder<br>and with a text file including the Assignment Title, Student Name,<br>Date of submission. Students can also use wireframing applications<br>instead of paper & pencil.   |
|     | Photoshop/Illustrator Template Assignments:  |
|     | Students need to submit the assignment in .jpg format with original .psd or .ai files. Assignments should be in a single folder and with a text file including the Assignment Title, Student Name, Date of submission.   |
|     | <b>Bootstrap Assignments:</b> Students needs to submit the complete root folder in .zip format   |
| 4.  | Assessment:<br>. Continuous assessment of laboratory work is to be done based on<br>overall performance and lab assignments performance of students.<br>Each lab assignment assessment will be assigned grade/marks based<br>on parameters with appropriate weightage. Suggested parameters<br>for overall assessment as well as each lab assignment assessment<br>include- timely completion, performance and creativity. |
| 5.  | Operating Environment:<br>For Responsive Web Designing   |
|     | Operating system: Windows 10   |
|     | Software: Adobe Photoshop, Adobe Illustrator, (Optional: Adobe XD, Figma), VS Code   |

| Other Tools: A4 Size Paper, pencil |  |
|------------------------------------|--|
|                                    |  |

## Syllabus

| Unit | Title with Contents                                | No. of   |
|------|--|----------|
| No.  |  | Lectures |
|      | Suggested List of Assignments:                     | 90       |
|      | 1. Design a low fidelity wireframe on an A4 Size   | 30       |
|      | paper for a corporate company (Number of Pages:    |          |
|      | 6)   |          |
|      | Design template using Adobe Photoshop or Adobe     |          |
|      | Illustrator.                                       |          |
|      | 2. Design a Logo for the corporate company using   | 30       |
|      | Adobe Illustrator.                                 |          |
|      | Design various Icons using Adobe Photoshop.        |          |
|      | Design three banners for the Home Page of the      |          |
|      | website.   |          |
|      | Design a Logo & icon for the corporate company     |          |
|      | using Adobe Illustrator.                           |          |
|      | 3. Create a website with Bootstrap using the above | 30       |
|      | template   |          |
|      |  |          |
